; Sequence 1, Application US/08862124
; Bequence 1, Application US/08862124
; Patent No. 6207153
; GENERAL INFORMATION:
; APPLICANT: Dan, Michael D.
APPLICANT: Maiti, Pradip K.
APPLICANT: Maiti, Pradip K.
APPLICANT: Maiti, Pradip K.
TITLE OF INVENTION: ANTIGEN BINDING FRAGMENTS H11, THAT
TITLE OF INVENTION: SPECIFICALLY DETECT CANCER CELLS, NUCLEOTIDES ENCODING
; TITLE OF INVENTION: FRAGMENTS, AND USE THEREOF FOR THE PROPHYLAXIS AND
TITLE OF INVENTION: DETECTION OF CANCERS
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          밁
                                                                                                                                                                                                                                                                       ş
                                                                                                                                                                                                                                                                                                        밁

GENERAL INFORMATION:

APPLICANT: Dan, Michael D.

APPLICANT: Maiti, Pradip K.

APPLICANT: Kaplan, Howard A.

TITLE OF INVENTION: AUTICEN BINDING FRAGMENTS THAT SPECIFICALLY DETECT CANCER CELLS,

TITLE OF INVENTION: NUCLEOTIDES ENCODING THE FRAGMENTS, AND USE THEREOF FOR THE PROP

TITLE OF INVENTION: DETECTION OF CANCERS

FILE REFERENCE: 316082000103

CURRENT APPLICATION NUMBER: US/10/651,453

CURRENT APPLICATION NUMBER: US 09/782,397

PRIOR APPLICATION NUMBER: US 09/782,397

PRIOR APPLICATION NUMBER: US 08/862,124

PRIOR FILING DATE: 1997-05-22

PRIOR FILING DATE: 1996-05-22

NUMBER OF SEQ ID NOS: 29
